Confirmation on REACH Compliance

To whom it may concern,

We hereby confirm our awareness of the European Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). We are fully committed to adhering to the requirements set forth in this regulation.

As defined under REACH, PROFILMETALL GmbH operates as a downstream user. Our profiles are classified as articles and therefore do not require registration, as the substances involved are not chemically altered during processing.

Should any hazardous substances be used in our manufacturing processes, relevant information is provided through appropriate Safety Data Sheets (SDS).

Furthermore, we confirm that the products we supply do not contain any substances currently listed on the Candidate List of Substances of Very High Concern (SVHC), as outlined in Article 59(10) of the REACH Regulation. The most recent version of this list can be accessed via the European Chemicals Agency (ECHA) website: <https://echa.europa.eu/de/candidate-list-table>.

For any further questions, please contact: sustainability@profilmetall.de.

Yours sincerely,

PROFILMETALL GmbH
